

**NEW JERSEY EXPO TO HAVE OSHA HEAD KEYNOTE
COUNCIL TO PRESENT “BEACON OF SAFETY” AWARDS**

Honorable John L. Henshaw

William C. Margaretta, President of the New Jersey State Safety Council announced that John L. Henshaw, Assistant Secretary, OSHA, US Department of Labor will be the Keynote speaker at the Tuesday, April 8th Awards Luncheon of the Annual Mid-Atlantic Region Safety & Loss Control Expo which will be held at Trump Plaza Hotel & Casino, Atlantic City, New Jersey on April 8, 9, 10, 2003.

Receiving the Council's prestigious Beacon of Safety Award will be the following organizations:

- ◆ Air Products & Chemicals, Inc.
- ◆ E. I. Dupont de Nemours & Company
- ◆ Public Service Enterprise Group, Inc.
- ◆ Novartis Pharmaceutical Corporation
- ◆ McGuire Air Force Base
- ◆ Torcon, Inc.

The Council's President said, "The New Jersey State Safety Council recognizes that unintentional trauma and death can strike any organization regardless of their standards, training or equipment. Therefore, we recognize those organizations who have demonstrated consistent records of achievement that are outstanding over a five year period. Good performance and consistency were the hallmarks of the Sandy Hook Lighthouse guiding travelers in the worst of storms and the lighthouse was the first public private partnership for safety in America. The Beacon of Safety Award is therefore engraved with the image of the Sandy Hook Lighthouse. So, it is fitting that we recognize those organizations who serve as an example to all of the highest levels of commitment to the safety and health of their employees and serve as beacons of safety."
